The medievals had much more to say about beauty than art. Beauty is a property all things have, both things in the natural world and things made by man. Often, artistic objects were judged beautiful by their symmetry to the world of ideals or of nature. Innovations in artistic theory were rare but not unprecedented.

What is Beauty? | Philosophy Talk

Aesthetics (/ ɛ s ' θ ɛ t ɪ k s, i: s-, æ s-/) is a branch of philosophy that deals with the nature of art, beauty and taste and with the creation or appreciation of beauty. In its more technical epistemological perspective, it is defined as the study of subjective and sensori-emotional values, or sometimes called judgments of sentiment and taste.
