Procedure C is the final "mini-lab" in this lesson, and it is a complex amalgam of some challenging Regents-based, free response questions. They can be challenging, but given what students were working with in the first two Procedures (A+B), most groups shouldn't encounter too much trouble with this.

### **Eighth grade Lesson Index Fossils & Correlation Lab**

This lesson is a lab in which students take on much of the material they've worked on since the start of the unit and really begin to apply it. Students learn what unconformities are, and then get some lab time to "reverse engineer" much of what has happened in the geologic past.
