'An Atheist's History of Belief' unfaithful to its title ...

This is an excellent, well-researched book on the history of belief and the evolution and popularity of religion. I enjoyed every last word of it and can't wait to read other titles by the same author. If you're an atheist, you'll probably enjoy it; if you're religious, well, read it anyway. It's very interesting.

An Atheist's History of Belief: Understanding Our Most ...

To be clear: Atheism is not a disbelief in gods or a denial of gods; it is a lack of belief in gods. Older dictionaries define atheism as "a belief that there is no God." Clearly, theistic influence taints these definitions. The fact that dictionaries define Atheism as "there is no God" betrays the (mono)theistic influence.

What is Atheism? | American Atheists

History of atheism. The English term was used at least as early as the sixteenth century and atheistic ideas and their influence have a longer history. Over the centuries, atheists have supported their lack of belief in gods through a variety of avenues, including scientific, philosophical, and ideological notions.

History of atheism - Wikipedia

Atheism. Less broadly, atheism is the rejection of belief that any deities exist. In an even narrower sense, atheism is specifically the position that there are no deities. Atheism is contrasted with theism, which, in its most general form, is the belief that at least one deity exists.

"I just wanted something that covered a lot of ground in a simple, clear way." So Kneale ultimately decided to write it himself. The result was An Atheist's History of Belief, published by Bodley Head in 2013, with a slightly expanded paperback edition from Vintage released the following year.

Book Review: Paul F Cockburn 'An Atheist's History of Belief'

Origins. An atheist believes that only in a knowledge of himself and a knowledge of his fellow man can he find the understanding that will help to a life of fulfillment. He seeks to know himself and his fellow man rather than to know a god. An atheist believes that a hospital should be built instead of a church.

History | American Atheists

So let's break it down. Theism is the belief in a god or gods. The prefix 'a' means; 'without' or 'lack of'. Therefore, atheism means 'without a belief in a god or gods' or the 'lack of a belief in a god or gods'. We often hear theists say, "If you don't believe in God, you must believe God does not exist!" but this is simply wrong.
