Artificial Intelligence Illuminated By Ben

The Culture is a fictional interstellar post-scarcity civilization or society created by the Scottish writer Iain M. Banks and features in a number of his space opera novels and works of short fiction, collectively called the Culture series.. In the series, the Culture is composed primarily of sentient beings of the pan-human variety, artificially intelligent sentient machines, and a small ...

The Culture - Wikipedia

A facial recognition system is a technology capable of identifying or verifying a person from a digital image or a video frame from a video source. There are multiple methods in which facial recognition systems work, but in general, they work by comparing selected facial features from given image with faces within a database. It is also described as a Biometric Artificial Intelligence based ...
