In his Life of William Blake (1863) Alexander Gilchrist warned his readers that Blake "neither wrote nor drew for the many, hardly for work'y-day men at all, rather for children and angels; himself 'a divine child,' whose playthings were sun, moon, and stars, the heavens and the earth." Yet Blake himself believed that his writings were of national importance and that they could be understood ...

Palynology is literally the "study of dust" (from Greek: παλύνω, translit. palunō, "strew, sprinkle" and -logy) or of "particles that are strewn". A classic palynologist analyses particulate samples collected from the air, from water, or from deposits including sediments of any age. The condition and identification of those particles, organic and inorganic, give the palynologist clues to ...
