### **Archaeology: Theories, Methods and Practice - Colin ...**

Archaeological theory refers to the various intellectual frameworks through which archaeologists interpret archaeological data. Archaeological theory functions as the application of philosophy of science to archaeology, and is occasionally referred to as philosophy of archaeology. There is no one singular theory of archaeology, but many, with different archaeologists believing that information ...

### **Archaeological theory - Wikipedia**

The 1960s marked a turning point in archaeology, and dissatisfaction with the classificatory-historical approach led to the birth of the New Archaeology. Also known as processual archaeology, its advocates sought to explain the past rather than simply describe it.
