Curious readers these days can find with relative ease texts translated and untranslated from the ancient Near East and information about the ancient world in books and articles, in libraries and bookstores, both academic and popular, in print and online, along with television and movie offerings that display ancient scenes, with or without historical accuracy.

### **Ancient Near Eastern Thought and the Old Testament ...**

This volume provides a thoughtful introduction to the literature of the ancient Near East and a well-considered apology for its importance to exegetical work. John Walton suggests that there are three important roles comparative studies can play in biblical interpretation: critical analysis, defense of the biblical text, and exegesis. He focuses particularly on the third aspect and its ...
