The Algebra 2 3.0 works a little differently than the 2.0. The academic content is the same as always and includes over 100 hours of multimedia instruction! However, each course is now delivered online as a 12-month subscription (per student). This obviously means no more discs (and, importantly, no more need for expensive disc replacements).

I am looking for a good and clear Algebra 2 course. I have tried an online course with live teachers, but I need something with longer time limits, meaning something I can work on at my own pace. Something online is preferred, but if anyone knows of a book that explains Algebra 2 well, then that is just as fine. I do not like Saxon math, because it gets too complicated for a student to be ...
