In this modern era of wireless communication, many engineers are showing interest to do specialization in communication fields, but this requires basic knowledge of fundamental communication concepts such as types of antennas, electromagnetic radiation and various phenomena related to propagation, etc. In case of wireless communication systems, antennas play a prominent role as they convert the ...

Different types of Antennas with Properties and thier Working

We'd like to get an idea of what versions of ROS people are using and how long they want those versions supported. If you could fill out this short survey, that would help us to make decisions on where we should focus our efforts for ROS1. We'll leave the survey open for 2 weeks, until April 4, 2018, and post the results shortly after that.
