11.9 VITAMIN C CONTENT In fiscal year 1996, the U.S. Agency for International Development provided 238,300 metric tons of corn soy blend (CSB) for development programs and emergency relief in countries throughout the world. CSB is a highly nutritious, low-cost fortified food that is partially

X AP Statistics Packet 11 - bls-stats

**In AP Statistics, a modified boxplot is used. This shows any outliers. The outliers are shown with dots, stars or any other small symbol. To construct a modified boxplot, first calculate if there are any outliers. Outliers are any data points that is more than $1.5 \times \text{IQR}$ above Q_3 or less than $1.5 \times \text{IQR}$ below Q_1 . Outliers Formula: $x < Q_1$
