Partial List of Ionic Silver Products. The list of products below are sold as "colloidal silver" but a more technically correct description for these products would be "ionic silver solutions" because they typically contain 90% ionic silver and only 10% silver particles.

### **Silver Colloids: Scientific Information on Colloidal Silver**

The statements highlighted in red below are from an internet ad for ASAP, an ionic silver solution labeled as "colloidal silver". ASAP colloidal silver products are different than other colloidal silver products on the market due to its patented manufacturing process which yields roughly 96% elemental silver particles versus a high percentage of ionic silver particles (where one or two ...

Proper Cleaning Is Important. Kim asked: I accidentally cleaned my gold jewelry with silver cleaner. Now it is dull and discolored. Is there any way to get the shine back? If gold is cleaned with an improper cleaning technique, it may lose its shine. In most cases, the solution is as simple as "recleaning" it the proper way.
