Artificial Intelligence Questions and Answers Set 1 - Blogger

Evaluation: There will be six homework assignments, all of which include coding exercises or software projects. These assignments are slightly more comprehensive for CS 670 students than for CS 470 students. A 75-minute midterm exam will take place on Thursday, October 25, while the 2.5-hour final exam will be held during finals week (see syllabus below).

CS 470/670: Introduction to Artificial Intelligence - Fall 2018

to the solution is not enough to cause IDA* to be particularly inefficient. Any search will have to incur the cost of reaching the depth of the solution. 10) The search tree below was generated by recursive best-first search after switching back to Rimnicu Vilcea and expanding Pitesti. The f-value is missing from four rectangles on the search tree.

CS 416, Artificial Intelligence Midterm Examination

staple the extra pages to your exam when you turn it in. Don't spend too much time on any one question! Suggestion: Go through the exam and answer the questions that you are sure about and can answer quickly. Then, go back and answer the remaining questions. Reminder: Academic dishonesty will not be tolerated. Spread out as much as possible.
